CHURCH OF CHRIST

In the Prison

IN SYSTEM PENITENSARIO THE MODEL

Report of the Prison.

We visit the brothers in the prison and share a moment of happiness across the word that is preached this day. The brothers do not lose the intention of going forward if not that are always firm in the church in spite of the tests that they face there in the prison. They love the Lord because there they found Christ his savior and know that the es the only consolation and fortitude for all of them.

We have several brothers there that nobody visits them and they have been left by his families and his only families for them it is we who are the church, when we visit them for them it is of great happiness is reflected in his faces. In the church we collect products and food to deliver them, but often we need these resources and we pray so that ours almighty God helps us and like that to share with our brothers in the Prison.
